

# SH 15 SL GB Set AX

SMALL WATER HEATER

PRODUCT-NO.: 227692

## Mix and match

Our appliances are so adaptable. As proven by this small water heater, which is a versatile solution for oversink installation. One useful feature is that it can be combined with all commercially available pressure taps. This is very handy if you already have a tap or are keen on a particular design.

## Varied uses and combinations

The small water heater supplies up to three draw-off points. It is therefore able to serve two adjacent washbasins with ease, while delivering the usual convenience features. For you, this means it is suitable for numerous applications and provides all the hot water you need for enjoyable cooking or relaxing skincare rituals in the bathroom.

## The main features

Supplies multiple draw-off points via a pressurised connection

---

Quick DHW heating without delay

---

Matching safety assemblies as accessories
