

# HSBB 180 S Plus (GB) Set

INTEGRAL CYLINDER

PRODUCT-NO.: 204552

## The main features

The integral cylinder for DHW heating is combined with a heating heat pump and integrated into the heating system.

---

Space saving positioning, as the DHW cylinder and hydraulic parts are integrated in a single appliance

---

Can be used for cooling via area heating system or fan coil units (condensation resistance)

---

Installation requires little effort thanks to high level of integration including WPM heat pump manager

Availability on request

---
